

A close-up photograph of a wooden beehive. The hive is made of horizontal wooden planks and has a blue number '4' attached to it. Numerous bees are visible on the hive's surface and flying around it. In the foreground, there is a wooden landing board with a grid of small compartments, also with bees on it. The background shows green grass and a blurred view of a body of water.

*Au rythme des abeilles,
Daniel vous invite à
explorer l'univers de la
ruche et les étapes de
fabrication du miel. Un
moment authentique.*
