

FOOD & WINE AT CHÂTEAU DE LA CRÉE

In gastronomy as in music and almost everything else in life,
balance and pairing are essential.

Enjoy a meal at the Château de la Créé and discover the mysteries of food and wine pairing experiencing how a wine and a dish can exalt or neutralize each other.

Our wine experts, either sommeliers or WSET-certified, will be happy to share their secrets, while making sure you fully relish the charm of a lunch at the Château.

WHAT'S ON THE PLATE?

Introduction to our Domaine

The experience will start with a visit to the domaine, including a walk to our 1.5ha vineyard in the Château grounds. There is no better place to talk about the appellations and the terroirs of Burgundy.

We will then stroll through our 15th- century vaulted cellar, steering the conversation to wine - making and barrel ageing.

Finally, it will be time to sit comfortably in one of the Château's reception rooms to explore food and wine pairings over lunch.

Our restaurant partners cook for you.
