

IMMERSIVE EXPERIENCE DOMAINE EVENSTAD

Feel like being initiated into the secrets of producing a Great Burgundy Wine?

“The artistic confluence of tradition, excellence and innovation”

Domaine Evenstad, located in Santenay (1 Place du Jet d'eau), offers you a selection of Great Burgundy wines with prestigious appellations such as Pommard, Gevrey-Chambertin and even Nuits-Saint-Georges. Here you can find Chardonnay and Pinot Noir in all their splendor, grown, vinified and aged to produce « cuvées haute couture ».

The Immersive Experience is a unique opportunity to visit our two-storey-19th-century cellars in the company of a dedicated wine adviser. Here time and our knowhow gradually bring the wines to maturity before they are bottled. On leaving the cellars you will be able to taste six of our wines in a private tasting room with a cozy, warm atmosphere, in the midst of the barrels. This immersive experience can be held in small groups (max. 14 participants).

Great Burgundy Wines deserve a special setting. This is why we have carried out major renovation works on the 1838 manor house on the main square of Santenay, henceforth the new home of Domaine Evenstad.

Duration: 1hr

45 € (inc.tax) per person for a selection of five wines
