

GRAND VIN DE BOURGOGNE

DOMAINE EVENSTAD

IMMERSIVE EXPERIENCE

From the cellar to the winery, dive into the fascinating world of the **Great Wines of Burgundy**, followed by a tasting of 6 wines in an intimate setting.

While the Domaine Evenstad's cellars, fermenting rooms, and tasting rooms are based in Santenay, in the Côte de Beaune, the vines cultivated by our estate can be found all along the **Côte de Nuits**. The plots represent six hectares, extending from Chambolle-Musigny in the south to Nuits-Saint-Georges, the capital of this wine area, and incorporating the Clos de Vougeot, an iconic, time-honored Grand Cru of the **Burgundy wine region**.

In the company of one of our wine experts, the **Immersive** Experience is the opportunity to discover **our superimposed cellars**, where time and expertise bring our wines to maturity, before being bottled. The tour continues through the winery, where tradition and modernity come together and the experience concludes with a tasting of **six wines**, in immersion in our cellar.

Duration : 1h

35 € inc.tax for a selection of 6 wines.

Available 7 days a week from April – October and
From Tuesday – Saturday from November - March.
