We want to offer our guests an experience true to the legacy of Paulette, my grandmother, who loved to warmly welcome travelers and create bonds of conviviality.

Babouin-les-Bains est une bière brassée avec de l'eau salée des thermes de Salins-les-Bains. Une Gose traditionnelle comme on en boit à Leipzig ou Goslar. Légère, fraîche et acidulée, c'est une bière désaltérante avec une belle buvabilité.

TERROIR POWER

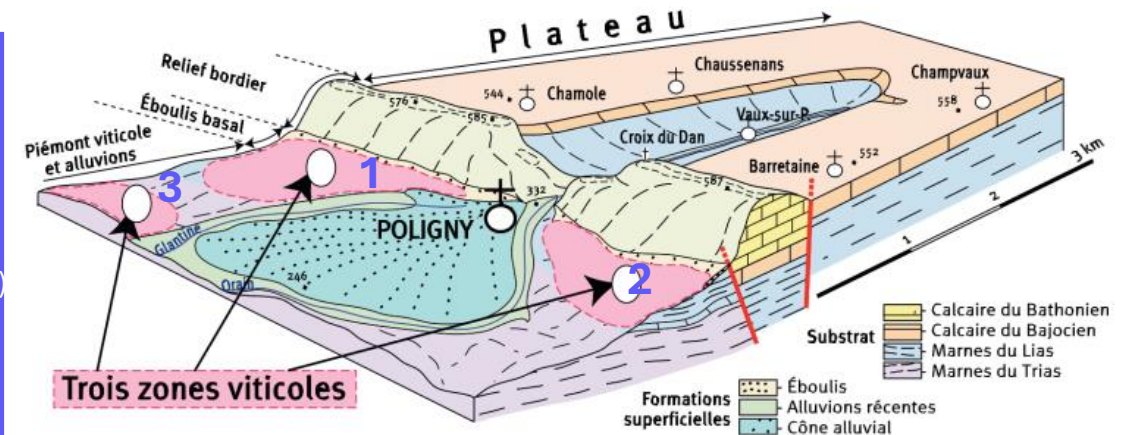

In Poligny, the geological organization has enabled the establishment of vineyards in three favorable sectors:

1/ The shoulder located north of the mouth of the Vaux reculée. These are the slopes of Argilliers, En Bouchat, Chevraudes, extending north to the Grands Roussots.

2/ The shoulder located south of the mouth of the reculée. This is the Saint-Savin hillside, extending further south to the Boutasses.

3/ The gentle relief of the foothills shaped in the Lias marly-limestones and Triassic marls. This is the Trouillots hillside, generally south-facing on a slope that extends eastward to the Parroux hillside.
