MAISON A.GOICHOT

Depuis 1947

*The authenticity
and generosity of
Burgundy terroirs*

Maison
ANDRÉ GOICHOT
The essence of Burgundy

*Sharing the spirit
of Burgundy*

Continuing its traditions and know-how, taking risks, reinventing ourselves and taking up challenges to create emotion: this is what has been motivating us since the foundation of Maison Goichot by our grandfather. Now more than ever, this is what encourage us every day in all the aspect of our job (negociant, production and distribution). Serving you is our priority, because we believe that the best wine in the world is the one that we share...

01 LET'S START *with our family*

It all started in 1947 with our grandfather, André-Marcel, founder of the Negociant business. Following his footsteps, André-Marie, our father, took over in 1982. He passed on to us his passion for wine and family values which naturally led us join the company.

Each generation contributes to diversifying and enriching this activity. Maison Goichot has grown, evolved and adapts every day to new challenges while staying true to itself. It is one of the last independent negociant houses in Burgundy.

Sharing values

Three generations follow one another in a century. Like our father and grandfather before us, we are thrived by the wines we share with you. However, our feet remain firmly on the ground and we are never forgetting where we come from. A family business with a human dimension: that's our motto!

WE ARE PROUD TO BE
BURGUNDIAN, AND WE LOVE
TO SHARE THIS PRIDE.

02 KNOW-HOW

Unveiling the terroirs

Our connection to Burgundy can be found in its terroirs. We work to express their unique character and infinite diversity throughout our Domaines and our wine negociant activities.

Enhancing the typicity of the soils

We are continuously scouting new wines to bring to your attention by keeping close connection with the Domaines and winegrowers; from Chablis to Macon via the Côte de Beaune. This is what creates the uniqueness of Burgundy.

Our expertise begins in the vineyards; in our own Domaines, just like the owners from whom we

buy grapes, musts or wines, we strive to reveal the DNA of each of our terroirs from North to South. Our permanent quest : the true and unique expression of both Chardonnay and Pinot Noir when planted in Burgundy.

EVERY ACTION COUNTS TOWARDS UNCOVERING OUR TERROIRS' UNIQUE CHARACTER.

03 MODERNITY *and tradition*

As true Burgundians, we only define our harvest planning based on the optimal maturity of each plot. This is when we have to choose whether to destem the grape bunches depending on the results we want. Then in the winery, we adjust the maceration times of the reds to obtain the best balance, while slowly and delicately pressing the whites. Here, the pneumatic presses respect the fruit and reveal the subtlety of the varietal aromas.

A modern winery at the service of the terroirs

A mix of modern technology and traditional expertise is used to make authentic wines and provide services in tune with the times and respectful of your desires.

Our new premises are accommodating a state of the art winery where we vinify our wines with care and passion, an ageing cellar and also a brand new logistic area.

OUR DEEP EXPERIENCE,
KNOW-HOW AND REACTIVITY
ALLOWS US TO ADAPT TO EACH
NEW VINTAGE

LET YOURSELF BE TEMPTED BY
OUR GREAT SELECTION OF
BURGUNDY WINES

04
MAISON
and domaines

Opening the door TO BURGUNDY

The history of our Maison is focused on the wine trade ever since it was founded. Thanks to André Goichot's connections in the region, the company has greatly enlarged its partnerships with many winegrowers.

The selection of wine has grown, improving in quality to represent our great terroirs.

A la carte service

The wines are thoroughly selected then aged, bottled and distributed by Maison Goichot. Each generation strives to promote this expertise, infusing its style to better reveal the grandeur of the terroirs of Burgundy.

Trust, loyalty and honesty

We have established some very close and personal relationships with our partners over three generations allowing us now to monitor our wines directly at the properties.

Our range

We are listing some of the most renowned appellations from Chablis to the Mâconnais area, including Côte de Nuits, Côte de Beaune as well as Côte Chalonnaise.

Burgundy offers various wines to share on an everyday basis or up to the most prestigious and rare Crus celebrating special occasions !

THE FAMILY *headquarters*

A benchmark for the appellation

In 1976, the family purchased this château located in Jully-les-Buxy, Saône-et-Loire.

This 0.7 ha plot of Chardonnay is the Goichot flagship. This emblematic cuvée has always been vinified and aged in the small cellar of the château. Aged for an half in oak barrels during 12 months, our Montagny Château de la Guiche is often hailed by critics.

A MODERN *land*

In tune with the times

In 2015, the Goichot family took over the exclusive distribution of this 10 ha Domaine, located in Saint-Valerin on the Côte Châlonnaise.

Aligoté, Pinot Noir or Chardonnay, the wines do justice to their beautiful origins while keeping with times the expression of minerality and lightness.

CHATEAU DU CRAY

In the heart of **THE VINEYARDS**

A traditional château

By taking charge of the property in 2016, the family is embarking on the winegrowing, winemaking and aging methods that have presided over the notoriety of Château du Cray since two centuries.

The wines give tribute to traditional Burgundy methods by predominantly ageing in oak barrels, stirring the lees of the whites, manually punching down the reds and ageing on the lees...

Open up **TO THE WORLD**

From land to glass

Proud of our terroirs and our wines, Burgundy is in our roots. However our natural curiosity prompted us to explore other terroirs.

We are interested in other vineyards, other appellations, other grape varieties which are, in our eyes, just as beautiful and good. With these wines, we wish to offer you the pleasure to discover with us.

05 PREST'AG *service delivering*

For several years, we have been providing taylor-made services to those involved in the wine trade: transport, bottling, labelling and packaging at the customer's request, storage solutions, order preparation, shipping...We provide many services on a daily basis in order to meet the demands of our winegrowers and wine traders.

The service culture

Our core business is to provide each one of our client with the wine most fitting his expectations. From sourcing the wine (appellation, vintage...) until delivery, with the best quality /price ratio, we offer an à la carte service to our esteemed clients.

Our commitment: supporting you

For us, committing means : being sincere and genuine. We know where we are coming from, who we are and so, remain humble. We have the ambition to grow virtuously, by being in tune with our environment, our values and by treasuring your trust. Our commitment to serving you is making Burgundy accessible, ensuring the highest-quality wines that respect their terroirs and appellations, supporting you in your choices and, above all, ensuring you will come back to Maison A. Goichot.

OUR DNA : SERVICING
CUSTOMERS AND A JOB
WELL DONE
